

THIEVES GO INTO RETAIL BUSINESS TO SELL PLUNDER

Prosperity Hits Chicago Grocery
Truck Robbers, Who Open Sys-
tem of Chain Stores.

CHICAGO, Jan. 12.—Business became so good here for a gang of grocery thieves, who stole on a wholesale scale from delivery trucks, that they had to open several retail stores, to dispose of their plunder more readily. The police declared to-day they had accounted for thefts of meats, butter, tea and other groceries valued at \$150,000, with the arrest of seven members of the gang. They said three markets were recently opened by the thieves.

Two of the men were seized yesterday when they were trying to steal a truck loaded with meats. They are not to have confessed and named their companions. Shortly afterward the police raided four markets and arrested five more men.

WIDOW SUES POLICE CAPTAIN FOR \$50,000

Husband Shot and Killed During
Search for Staten Island
Hold-Up Band.

Mrs. Josephine Camo, No. 159 Liberty Avenue, Dongan Hills, to-day began suit in Staten Island for \$50,000 against Police Capt. Abraham Stewart, who, on Dec. 13, shot and killed her husband, Antonio Camo, a farmer.

The shooting followed a hold-up reported to Capt. Stewart, then in command at New Dorp, S. I., by the occupants of an automobile, who took him to the place where they said three men had tried to rob them. Stewart leaped from the automobile and seized Camo, who was standing nearby. Stewart had revolver in hand and in a struggle in Camo the weapon went off and no was killed.

Carpenter Hangs Himself.
George Johnson, thirty, a carpenter, No. 378 Wilson Avenue, Ridgewood, was found early to-day hanging in the doorway of his room. This family told police they knew no reason for his death.

ROBBED, HE CLINGS TO GOLDEN RULE

Prospector Is Sorry One of Men
Who Embezzled His \$410,000
Committed Suicide.

SPOKANE, Wash., Jan. 12.—James T. Callahan, loser of \$410,000 through confessed embezzlements of his trusted broker, still preaches the golden rule, he said to-day, adding, however, that "people generally do not treat me that way."

One of the brokers, John B. Mulholland, committed suicide when officers were seeking to arrest him following confession of the other broker, Jay B. Hough, now held in jail here. Callahan, now a wealthy miner of Wallace, Idaho, but once a poor prospector, added: "The money is gone and prosutings will not bring it back. He is suffering more about it right now than am."

"If the boys had come to me and laid their cards on the table, I would have said 'forget it' rather than have any man commit suicide for me."

DENIES SOVIET MOBILIZATION

Moscow Cable Says "We Want
Peace and Chance to Work."

George Tchitcherin, Russian Minister for Foreign Affairs, in cable advices from Moscow received by the Russian Soviet Bureau here to-day, denied published rumors of mobilization of troops against Poland, Roumania, or any other country.

"We want peace and a chance to work," the advices added.

Thirty-five models in New House Dresses

That are lower in price, quality for quality,
than any we have seen \$1.85 to \$14.75

Every dress has been chosen with the greatest care. For weeks we worked with the best makers of frocks of this type so that we should have the most attractive dresses at the lowest prices. Details have been changed here and there to add to the charm of a frock. Some of the models were originated by us, for us only; for instance that frock illustrated at \$3.85. Each is the trim, smart dress which a woman delights in wearing in her home and in which she feels well dressed. Four of the thirty-five models are illustrated.

The large woman has been considered and many frocks chosen which will be particularly becoming to her.

Linen, gingham (much of it imported), voile, dotted swiss, beach cloth, lawn and percale are the materials. Third floor, Old Bldg.

80% Wool Blankets

In a sale at one-third less

The filling is pure wool, and it is 80 per cent. of the blanket. The warp (the other 20 per cent.) is cotton. Many people prefer this type of blanket to an entirely of wool because in the laundering the cotton warp prevents shrinkage.

All these blankets were made to our own careful specifications for our regular stocks. We can't replace them to sell at these low prices again this season, but we are making a general clearaway before stock-taking at the end of the month. Remember, all are 80 per cent. wool.
